

# ADMIN DASHBOARD APP

The screenshot shows a web browser window with two tabs: 'DevBlogDashboard' and 'DevBlogWebsite'. The address bar shows 'localhost:4300/login'. The page has a light blue header with a 'DEV-BLOG' link. Below the header is a large light blue box containing a 'Login' form. The form has a title 'Login' and a subtitle 'Please login to your admin account to post a new blog post'. It contains two input fields: 'Email' and 'Password', both with placeholder text. Below the fields is a blue 'Login' button. The footer of the page is light blue with 'DEV-BLOG' and 'Copyright © 2024 Developer Blog Site'.

The screenshot shows the same web browser window as the previous one, but the login form now displays validation errors. The 'Email' field has a red border and a red error message 'Please Enter a Valid Email Address'. The 'Password' field also has a red border and a red error message 'Password Cannot be Empty'. The 'Login' button is still present. The header and footer remain the same.
